1. The following is a quotation of the second paragraph of 35 U.S.C. 112:

The specification shall conclude with one or more claims particularly pointing out and distinctly claiming the subject matter which the applicant regards as his invention.

2. Claims 9-13, 16-20 are rejected under 35 U.S.C. 112, second paragraph, as being indefinite for failing to particularly point out and distinctly claim the subject matter which applicant regards as the invention. (New Rejection)

In lines 19-20 of both claims 9 and 16, the expression "wherein a notch is interposed between the ridges being adjacent" is unclear and indefinite and requires amendment to render the same definite.

In each of claims 9 and 16, line 23, there is not proper antecedent basis for "second face".

Claims 10-13, dependent on claim 9 and claims 17-20, dependent on claim 20, fall therewith.
